

# Open the Door to Careers in the Skilled Trades

with the Build Your Skills Learning Hub

Help your students explore exciting and fulfilling career paths in the skilled construction trades with [Build Your Skills](#) – a free, self-paced, online learning hub. The Hub is designed to introduce youth to the trades, boost their skills and help prepare for what's ahead with tested, industry-aligned resources.

## Explore the Trades

On-the-job examples and video testimonials help students understand which trades appeal to them.

## Assess their Skills

A range of assessments to identify current strengths and gaps guide students to the courses they need to boost their skills for the trades.

## Master Concepts

Interactive videos, activities and quizzes support students in preparing for and succeeding in apprenticeship training.
