- ✓ Learn at your own pace, anytime, anywhere

Find everything you need to start a career and succeed in the skilled construction trades!

The screenshot shows a mobile application interface for the SkillPlan Learning Hub. At the top, there are three icons: a menu (three horizontal lines), a message bubble, and a bell. Below this is a circular profile picture of an electrician working on a control panel. The word "Electrician" is written in white text on a blue background to the left of the profile. Underneath the profile, the section title "Typical Responsibilities" is displayed in blue. A brief description follows: "Throughout their day, electricians typically carry out the following tasks." Below this, a section titled "Check the ones that interest you:" is shown with a list of tasks, each preceded by an empty checkbox. A large blue play button icon is located on the right side of the screen.

- Plan new systems
- Upgrade older systems, receptacles & light fixtures
- Install fiber optic systems, alarms, security & data
- Install, troubleshoot and repair motors, generators, pumps, solar arrays and Electric Vehicle Charging systems
